## RICHESON WAS REMANDED

Alleged Poisoner of Miss Linnell Sent Back to His Cell Until November 7th

Boston, Nov. 1.—Rev. C. V. T. Richeson was arraigned yesterday morning and his case was continued until Nov. 7th. No bail is allowed. He made no response when the charge was made and was taken back to his cell in St. Charles jail.

Rev. Richeson was to have taken his bride last night, Miss Violet Edmonds, the heiress daughter of Moses Grant Edmonds of Brooklyn. The marriage ceremony has been indefinitely postponed, while the bridegroom—that was-to-be is awaiting trial on the charge of having brought about the death of a pretty nineteen-year-old Avila Linnell.

Miss Linnell, it is alleged, had been engaged to the handsome young clergyman for some time prior to her tragic death by cyanide of potassium poisoning. The inquest developed that she was in a delicate condition, and the theory of the prosecution is that she took the poison in the belief that it was a drug that would prevent her from becoming a mother. William Hain, a druggist of Newton Centre, will testify that the Rev. Richeson purchased from him a large quantity of cyanide of potassium, declaring that he wanted the poison to kill a dog.

The accused minister is thirty-four years of age and was born and reared near Lynchburg, Va. As a young man he went to Carroll county, Missouri, where he worked as a motorman to get money enough to pay his way thru William Jewell College at Liberty, Mo. From there he went to a theological seminary at Newtown, Mass. He was admitted to the Baptist ministry at the Third Baptist church in St. Louis in 1902.

## SAVED CHILD FROM DEATH

"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala. "we learned it had consumption. It had a bad cough all the time. We tried many remedies without avail and doctor's medicines seemed as useless. Finally we tried Dr. King's New Discovery and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, laryngitis, asthma, croup and sore lungs, it's the most infallible remedy that's made. Price 50c. and \$1. Trial bottle free. Guaranteed by Tydings & Co.

## BERLIN

Berlin, Oct. 30.—We are having some fine weather for our gardens.

Mrs. J. M. Reeves of Evinston is visiting relatives here.

Our school is progressing fine and the long looked for assistant teacher has arrived and she is filling the position most admirably.

Mrs. Betsey Phillips has returned home after spending a few weeks with her granddaughter, Mrs. Z. A. Crumpton of Ocala.

Mr. M. P. Prinke has returned home from Orlando, where he went as a delegate to the Confederate Veterans' reunion.

Miss Altahula Beck of Cotton Plant spent Sunday with her parents, Mr. and Mrs. J. L. Beck.

S. J. McCully, our special demonstration agent, is meeting with fine success. He says every farmer who is reading some good agricultural paper readily accepts the government's plan of farming. We believe now is the accepted time for the farmers to improve their method of farming.

Mr. and Mrs. C. C. Stephens spent last Sunday with Mrs. M. E. McCully. Cane grinding will soon be the order of the day. The cane crop is short all over the state and the prices will be good.

(Brother, please use a black pencil to write your letter, and make a separate paragraph of each item.—Ed.)

## IS THE WORLD GROWING BETTER?

Many things go to prove that it is. The ways thousands are trying to help others is proof. Among them is Mrs. W. W. Gould, of Pittsfield, N. H. Finding good health by taking Electric Bitters, she now advises other sufferers, everywhere, to take them. "For years I suffered with stomach and kidney trouble," she writes. "Every medicine I used failed till I took Electric Bitters. But this great remedy helped me wonderfully." They'll help any woman. They're the best tonic and finest liver and kidney remedy that's made. Try them. You'll see. 50c. at Tydings & Co.

## RIOT IN A NEGRO SCHOOL

## GETS GERMANY'S COAT

The Discovery of Immense Deposits of Potash in America Will Break Up Deutschland's Monopoly

Washington, Nov. 1.—Potash deposits that will supply the needs of the entire United States have been discovered in the western section of the country, according to Secretary of Agriculture Wilson. Heretofore this country has bought an average of \$12,000,000 worth of potash annually from Germany. The location of the potash deposits has not been revealed.

The discovery of these potash deposits will have a tendency to bring about more amicable trade relations between the United States and Germany. The export tax on potash coming to this country from Germany has been a bone of contention for a long time. The German government collects this tax, and the agriculturists of the United States must ultimately pay it. The supply just uncovered in this country will force the German beds into competition, with the probable result that the tax will be taken off.

A few of the ladies of the Methodist church gave a picnic social at the Oxford home Friday evening for the benefit of repairing the gasoline lights. The piazzas and yard looked very pretty, all lighted up with Japanese and magic lanterns.
